REACH: RWC (UK) Ltd Declaration

Reliance Worldwide Corporation (UK) Ltd is defined as a '**Downstream User**', in accordance with REACH (the Registration Evaluation and Authorisation of Chemicals).

John Guest branded articles purchased from RWC (UK) Ltd, do not by definition of REACH have to be registered. Chemical substances contained in our articles, which may be subject to registration, have to be registered exclusively by our suppliers.

RWC (UK) Ltd is aware that the SVHC List is updated twice a year. RWC (UK) Ltd is also aware that it was updated on 19th January 2021. Due to the nature of the RWC (UK) Ltd supply chain, we are reliant on our suppliers providing us with updated information on their position with regards to REACH and the latest SVHC List.

RWC (UK) Ltd is able to state to the best of our knowledge from information submitted to us by our suppliers, that all John Guest branded articles, which are currently supplied to you, do not contain:

- Substances listed in Annex XVII of REACH.
- Substances included in the Candidate list of SVHC for Authorisation in concentrations exceeding 0.1 % (w/w). (with the exception of components/products manufactured in Brass*)

* Lead (Pb) may be present in components/products manufactured in brass as an alloying element with a content >0.1% by weight unless described as 'Lead Free'.

If we receive any information, which shows any articles we supply to you that contain substances listed on the candidate list, and in levels prohibited under the guidelines of REACH, we will update the statement accordingly.

This declaration will be updated periodically, as and when required, and is valid without a signature.

Engineering Approvals

Reliance Worldwide Corporation (UK) Ltd
